## **MCA Achievement Awards**

At any level, count only 1 title for each venue, i.e. PT or JHD but not both.

Also, for agility, count either jumpers or standard, but not both at the same level.

Count the highest level in each venue to determine the point value. If a dog has the NA and OAJ, only the OAJ counts as it has the higher value.

**Level 1:** 1 point for anything earned in the 1 point column, or if the dog only has points in one venue

**Level 2:** 3 points in 2 or more venues with one venue being at least 2 points

**Level 3:** 5 points in 2 or more venues with one venue being at least 3 points

**Level 4:** 7 points in 2 or more venues with one venue being at least 3 points

**Level 5:** 9 points in 2 or more venues with one venue being at least 3 points

**Level 6:** 11 points in 2 or more venues with one venue being at least 4 points

**Level 7:** 13 points in 2 or more venues with one venue being at least 4 points

**Level 8:** 15 points in 2 or more venues with one venue being at least 5 points

**Level 9:** 17 points in 3 or more venues with one venue being at least 6 points

**Level 10:** 19 points in 3 or more venues with one venue being at least 6 points

**Level 11:** 20 points in 3 or more venues with one venue being at least 7 points

**Level 12:** 25 points in 5 or more venues with one venue being at least 7 points
